SECTION 3. [EFFECTIVE JULY 1, 2009]

GENERAL GOVERNMENT

A. LEGISLATIVE

FOR THE GENERAL ASSEMBLY

LEGISLATORS' SALARIES - HOUSE

Total Operating Expense	6,198,756
-------------------------	-----------

HOUSE EXPENSES

Total Operating Expense	10,480,687
-------------------------	------------

LEGISLATORS' SALARIES - SENATE

Total Operating Expense	2,247,345
-------------------------	-----------

SENATE EXPENSES

Total Operating Expense	10,345,072
-------------------------	------------

Included in the above appropriations for house and senate expenses are funds for a legislative business per diem allowance, meals, and other usual and customary expenses associated with legislative affairs. Except as provided below, this allowance is to be paid to each member of the general assembly for every day, including Sundays, during which the general assembly is convened in regular or special session, commencing with the day the session is officially convened and concluding with the day the session is adjourned sine die. However, after five (5) consecutive days of recess, the legislative business per diem allowance is to be made on an individual voucher basis until the recess concludes.

Members of the general assembly are entitled, when authorized by the speaker of the house or the president pro tempore of the senate, to the legislative business per

1 diem allowance for each and every day engaged in official business.

2
3 The legislative business per diem allowance that each member of the general assembly
4 is entitled to receive equals the maximum daily amount allowable to employees of
5 the executive branch of the federal government for subsistence expenses while away
6 from home in travel status in the Indianapolis area. The legislative business per
7 diem changes each time there is a change in that maximum daily amount.

8
9 In addition to the legislative business per diem allowance, each member of the general
10 assembly shall receive the mileage allowance in an amount equal to the standard mileage
11 rates for personally owned transportation equipment established by the federal Internal
12 Revenue Service for each mile necessarily traveled from the member's usual place
13 of residence to the state capitol. However, if the member traveled by a means other
14 than by motor vehicle, and the member's usual place of residence is more than one
15 hundred (100) miles from the state capitol, the member is entitled to reimbursement
16 in an amount equal to the lowest air travel cost incurred in traveling from the usual
17 place of residence to the state capitol. During the period the general assembly is
18 convened in regular or special session, the mileage allowance shall be limited to
19 one (1) round trip each week per member.

20
21 Any member of the general assembly who is appointed, by the governor, speaker
22 of the house, president or president pro tempore of the senate, house or senate minority
23 floor leader, or Indiana legislative council to serve on any research, study, or
24 survey committee or commission, or who attends any meetings authorized or convened
25 under the auspices of the Indiana legislative council, including pre-session conferences
26 and federal-state relations conferences, is entitled, when authorized by the legislative
27 council, to receive the legislative business per diem allowance for each day in actual
28 attendance and is also entitled to a mileage allowance, at the rate specified above,
29 for each mile necessarily traveled from the member's usual place of residence to
30 the state capitol, or other in-state site of the committee, commission, or conference.
31 The per diem allowance and the mileage allowance permitted under this paragraph shall
32 be paid from the legislative council appropriation for legislator and lay member
33 travel unless the member is attending an out-of-state meeting, as authorized by the
34 speaker of the house of representatives or the president pro tempore of the senate,
35 in which case the member is entitled to receive:

- 36 (1) the legislative business per diem allowance for each day the member is engaged
37 in approved out-of-state travel; and
38 (2) reimbursement for traveling expenses actually incurred in connection with the
39 member's duties, as provided in the state travel policies and procedures established
40 by the legislative council.

41
42 Notwithstanding the provisions of this or any other statute, the legislative council
43 may adopt, by resolution, travel policies and procedures that apply only to members
44 of the general assembly or to the staffs of the house of representatives, senate,
45 and legislative services agency, or both members and staffs. The legislative council
46 may apply these travel policies and procedures to lay members serving on research,
47 study, or survey committees or commissions that are under the jurisdiction of the
48 legislative council. Notwithstanding any other law, rule, or policy, the state travel
49 policies and procedures established by the Indiana department of administration and

approved by the budget agency do not apply to members of the general assembly, to the staffs of the house of representatives, senate, or legislative services agency, or to lay members serving on research, study, or survey committees or commissions under the jurisdiction of the legislative council (if the legislative council applies its travel policies and procedures to lay members under the authority of this SECTION), except that, until the legislative council adopts travel policies and procedures, the state travel policies and procedures established by the Indiana department of administration and approved by the budget agency apply to members of the general assembly, to the staffs of the house of representatives, senate, and legislative services agency, and to lay members serving on research, study, or survey committees or commissions under the jurisdiction of the legislative council. The executive director of the legislative services agency is responsible for the administration of travel policies and procedures adopted by the legislative council. The auditor of state shall approve and process claims for reimbursement of travel related expenses under this paragraph based upon the written affirmation of the speaker of the house of representatives, the president pro tempore of the senate, or the executive director of the legislative services agency that those claims comply with the travel policies and procedures adopted by the legislative council. If the funds appropriated for the house and senate expenses and legislative salaries are insufficient to pay all the necessary expenses incurred, including the cost of printing the journals of the house and senate, there is appropriated such further sums as may be necessary to pay such expenses.

If the senate or house of representatives eliminates a committee or officer referenced in this SECTION and replaces the committee or officer with a new committee or position, the foregoing appropriations for subsistence shall be used to pay for the new committee or officer. However, this does not permit any additional amounts to be paid under this SECTION for a replacement committee or officer than would have been spent for the eliminated committee or officer. If the senate or house of representatives creates a new additional committee or officer, or assigns additional duties to an existing officer, the foregoing appropriations for subsistence shall be used to pay for the new committee or officer, or to adjust the annual payments made to the existing officer, in amounts determined by the legislative council.

Total Operating Expense 1,584,954,000

The foregoing appropriations for Medicaid current obligations and for Medicaid administration are for the purpose of enabling the office of Medicaid policy and planning to carry out all services as provided in IC 12-8-6. In addition to the above appropriations, all money received from the federal government and paid into the state treasury as

a grant or allowance is appropriated and shall be expended by the office of Medicaid policy and planning for the respective purposes for which the money was allocated and paid to the state. Subject to the provisions of P.L.46-1995, if the sums herein appropriated for Medicaid current obligations and for Medicaid administration are insufficient to enable the office of Medicaid policy and planning to meet its obligations, then there is appropriated from the general fund such further sums as may be necessary for that purpose, subject to the approval of the governor and the budget agency.

However, the above appropriation for Medicaid-Current Obligations is reduced to the extent that the state's share of expenditures for Medicaid current obligations from the general fund has been reduced in the current state fiscal year as a result of any increase in the federal medical assistance percentage that occurs after December 31, 2008. The office of Medicaid policy and planning established by IC 12-8-6-1 shall determine on a monthly basis the amount by which the state and local share of expenditures for Medicaid current obligations has been reduced in the immediately preceding month and cumulatively in the current state fiscal year as a result of any increase in the federal medical assistance percentage that occurs after December 31, 2008. The office of Medicaid policy and planning shall report the amount of reduced expenditures to the general assembly in an electronic format under IC 5-14-6 and the budget agency not later than thirty (30) days after the close of the immediately following month. The office of Medicaid policy and planning may revise any reported reduction to reflect the best information available to the office. The office of Medicaid policy and planning shall report the revised amount in the next scheduled report after the revision is made. A final report concerning the total reduction in state expenditures must be filed with the general assembly in an electronic format under IC 5-14-6 and the budget agency before August 1, 2010. The budget agency shall, on a monthly basis, transfer the amount of the reduction in state expenditures, as determined by the office of Medicaid policy and planning, from the general fund to the Medicaid contingency and reserve account established under IC4-12-1-15.5.

After June 30, 2009, the reimbursement rate for Medicaid providers may not be less than the reimbursement rate in effect on January 1, 2009. In the case of the payment of health facility Medicaid providers, Medicaid reimbursement may not be less than a reimbursement rate based on the case mix reimbursement policies in effect on January 1, 2009. The Indiana Family and Social Services Administration, Office of Medicaid Policy and Planning may not implement a five percent (5%) reduction or a reduction at any other percentage of the type described in the document entitled "Notice of Changes in Methods and Standards for Medicaid Payment for Institutional Providers" as published in the Indiana Register (Document Identification Number 20081224-IR-405080943NRA).

The above appropriations for drug afflicted babies shall be used for the following purposes:

However, the child's mother may not be prosecuted in connection with the results of the test.

SECTION 12. [EFFECTIVE JULY 1, 2009]

In accordance with IC 22-4.1-13, the budget agency, with the advice of the commission on vocational and technical education and the budget committee, may augment or reduce an allocation of federal funds made under SECTION 11 of this act.

SECTION 13. [EFFECTIVE JULY 1, 2009]

Utility bills for the month of June, travel claims covering the period June 16 to June 30, payroll for the period of the last half of June, any interdepartmental bills for supplies or services for the month of June, and any other miscellaneous expenses incurred during the period June 16 to June 30 shall be charged to the appropriation for the succeeding year. No interdepartmental bill shall be recorded as a refund of expenditure to any current year allotment account for supplies or services rendered or delivered at any time during the preceding June period.

SECTION 14. [EFFECTIVE JULY 1, 2009]

The budget agency, under IC 4-10-11, IC 4-12-1-13, and IC 4-13-1, in cooperation with the Indiana department of administration, may fix the amount of reimbursement for traveling expenses (other than transportation) for travel within the limits of Indiana. This amount may not exceed actual lodging and miscellaneous expenses incurred. A person in travel status, as defined by the state travel policies and procedures established by the Indiana department of administration and the budget agency, is entitled to a meal allowance not to exceed during any twenty-four (24) hour period the standard meal allowances established by the federal Internal Revenue Service.

All appropriations provided by this act or any other statute, for traveling and hotel expenses for any department, officer, agent, employee, person, trustee, or commissioner, are to be used only for travel within the state of Indiana, unless those expenses

are incurred in traveling outside the state of Indiana on trips that previously have received approval as required by the state travel policies and procedures established by the Indiana department of administration and the budget agency. With the required approval, a reimbursement for out-of-state travel expenses may be granted in an amount not to exceed actual lodging and miscellaneous expenses incurred. A person in travel status is entitled to a meal allowance not to exceed during any twenty-four (24) hour period the standard meal allowances established by the federal Internal Revenue Service for properly approved travel within the continental United States and a minimum of \$50 during any twenty-four (24) hour period for properly approved travel outside the continental United States. However, while traveling in Japan, the minimum meal allowance shall not be less than \$90 for any twenty-four (24) hour period. While traveling in Korea and Taiwan, the minimum meal allowance shall not be less than \$85 for any twenty-four (24) hour period. While traveling in Singapore, China, Great Britain, Germany, the Netherlands, and France, the minimum meal allowance shall not be less than \$65 for any twenty-four (24) hour period.

In the case of the state supported institutions of postsecondary education, approval for out-of-state travel may be given by the chief executive officer of the institution, or the chief executive officer's authorized designee, for the chief executive officer's respective personnel.

Before reimbursing overnight travel expenses, the auditor of state shall require documentation as prescribed in the state travel policies and procedures established by the Indiana department of administration and the budget agency. No appropriation from any fund may be construed as authorizing the payment of any sum in excess of the standard mileage rates for personally owned transportation equipment established by the federal Internal Revenue Service when used in the discharge of state business. The Indiana department of administration and the budget agency may adopt policies and procedures relative to the reimbursement of travel and moving expenses of new state employees and the reimbursement of travel expenses of prospective employees who are invited to interview with the state.

SECTION 15. [EFFECTIVE JULY 1, 2009]

No payment for personal services shall be made by the auditor of state unless the payment has been approved by the budget agency or the designee of the budget agency.

SECTION 17. [EFFECTIVE JULY 1, 2009]

No warrant for operating expenses, capital outlay, or fixed charges shall be issued to any department or an institution unless the receipts of the department or institution have been deposited into the state treasury for the month. However, if a department

1 or an institution has more than \$10,000 in daily receipts, the receipts shall be
2 deposited into the state treasury daily.

7 the proceeds derived from the settlement of any claim for the loss shall be deposited
8 in the state treasury, and the amount deposited is hereby reappropriated to the institution
9 or department for the purpose of replacing the loss. If it is determined that the
10 loss shall not be replaced, any funds received from the settlement of a claim shall
11 be deposited into the general fund.

12
13 **SECTION 19. [EFFECTIVE JULY 1, 2009]**

14
15 If an agency has computer equipment in excess of the needs of that agency, then the
16 excess computer equipment may be sold under the provisions of surplus property sales,
17 and the proceeds of the sale or sales shall be deposited in the state treasury. The
18 amount so deposited is hereby reappropriated to that agency for other operating expenses
19 of the then current year, if approved by the director of the budget agency.

20
21 **SECTION 20. [EFFECTIVE JULY 1, 2009]**

22
23 If any state penal or benevolent institution other than the Indiana state prison,
24 Pendleton correctional facility, or Putnamville correctional facility shall, in the
25 operation of its farms, produce products or commodities in excess of the needs of
26 the institution, the surplus may be sold through the division of industries and farms,
27 the director of the supply division of the Indiana department of administration,
28 or both. The proceeds of any such sale or sales shall be deposited in the state treasury.
29 The amount deposited is hereby reappropriated to the institution for expenses of
30 the then current year if approved by the director of the budget agency. The exchange
31 between state penal and benevolent institutions of livestock for breeding purposes
32 only is hereby authorized at valuations agreed upon between the superintendents or
33 wardens of the institutions. Capital outlay expenditures may be made from the institutional
34 industries and farms revolving fund if approved by the budget agency and the governor.

35
36 **SECTION 21. [EFFECTIVE JULY 1, 2009]**

37
38 This act does not authorize any rehabilitation and repairs to any state buildings,
39 nor does it allow that any obligations be incurred for lands and structures, without
40 the prior approval of the budget director or the director's designee. This SECTION
41 does not apply to contracts for the state universities supported in whole or in part
42 by state funds.

43
44 **SECTION 22. [EFFECTIVE JULY 1, 2009]**

45
46 If an agency has an annual appropriation fixed by law, and if the agency also receives
47 an appropriation in this act for the same function or program, the appropriation
48 in this act supersedes any other appropriations and is the total appropriation for
49 the agency for that program or function.

SECTION 23. [EFFECTIVE JULY 1, 2009]

The balance of any appropriation or funds heretofore placed or remaining to the credit of any division of the state of Indiana, and any appropriation or funds provided in this act placed to the credit of any division of the state of Indiana, the powers, duties, and functions whereof are assigned and transferred to any department for salaries, maintenance, operation, construction, or other expenses in the exercise of such powers, duties, and functions, shall be transferred to the credit of the department to which such assignment and transfer is made, and the same shall be available for the objects and purposes for which appropriated originally.

SECTION 24. [EFFECTIVE JULY 1, 2009]

The director of the division of procurement of the Indiana department of administration, or any other person or agency authorized to make purchases of equipment, shall not honor any requisition for the purchase of an automobile that is to be paid for from any appropriation made by this act or any other act, unless the following facts are shown to the satisfaction of the commissioner of the Indiana department of administration or the commissioner's designee:

(1) In the case of an elected state officer, it shall be shown that the duties of the office require driving about the state of Indiana in the performance of official duty.

(2) In the case of department or commission heads, it shall be shown that the statutory duties imposed in the discharge of the office require traveling a greater distance than one thousand (1,000) miles each month or that they are subject to official duty call at all times.

(3) In the case of employees, it shall be shown that the major portion of the duties assigned to the employee require travel on state business in excess of one thousand (1,000) miles each month, or that the vehicle is identified by the agency as an integral part of the job assignment.

In computing the number of miles required to be driven by a department head or an employee, the distance between the individual's home and office or designated official station is not to be considered as a part of the total. Department heads shall annually submit justification for the continued assignment of each vehicle in their department, which shall be reviewed by the commissioner of the Indiana department of administration, or the commissioner's designee. There shall be an insignia permanently affixed on each side of all state owned cars, designating the cars as being state owned. However, this requirement does not apply to state owned cars driven by elected state officials or to cases where the commissioner of the Indiana department of administration or the commissioner's designee determines that affixing insignia on state owned cars would hinder or handicap the persons driving the cars in the performance of their official duties.

SECTION 25. [EFFECTIVE JULY 1, 2009]

When budget agency approval or review is required under this act, the budget agency may refer to the budget committee any budgetary or fiscal matter for an advisory

1 recommendation. The budget committee may hold hearings and take any actions authorized
2 by IC 4-12-1-11, and may make an advisory recommendation to the budget agency.

3

9 government, subject to allotment by the budget agency. The provisions of this SECTION
10 and all other SECTIONS concerning the acceptance, disbursement, review, and approval
11 of any grant, loan, or gift made by the federal government or any other source to
12 the state or its agencies and political subdivisions shall apply, notwithstanding
13 any other law. Federal funds from Indiana's apportionment of grants provided to the
14 states under the federal American Recovery and Reinvestment Act of 2009 or another
15 federal economic stimulus law enacted in 2009 may not be allotted or spent without
16 review of the expenditure by the legislative council.

17
18 **SECTION 27. [EFFECTIVE JULY 1, 2009]**

19
20 Federal funds received as revenue by a state agency or department are not available
21 to the agency or department for expenditure until allotment has been made by the
22 budget agency under IC 4-12-1-12(d).

23
24 **SECTION 28. [EFFECTIVE JULY 1, 2009]**

25
26 A contract or an agreement for personal services or other services may not be entered
27 into by any agency or department of state government without the approval of the
28 budget agency or the designee of the budget director.

29
30 **SECTION 29. [EFFECTIVE JULY 1, 2009]**

31
32 Except in those cases where a specific appropriation has been made to cover the payments
33 for any of the following, the auditor of state shall transfer, from the personal

39

41 agency with the approval of the governor may withhold allotments of any or all appropriations

The budget agency shall establish an account or fund for the above appropriation for the fee replacement contingency fund. The above appropriation shall be used to make fee replacement distributions to state educational institutions (as defined in IC 1-1-4-7) to pay debt service, including principal and interest, for capital uses, purposes, and projects for which bonds were authorized by P.L. 234-2007 but not issued because of the lack of approval or review by the commission for higher education, budget agency, office of management and budget, or the governor before January 1, 2009.

SECTION 32. [EFFECTIVE JULY 1, 2009]

The budget agency may employ one (1) or more architects or engineers to inspect construction, rehabilitation, and repair projects covered by the appropriations in this act or previous acts.

If any part of a construction or rehabilitation and repair appropriation made by this act or any previous acts has not been allotted or encumbered before the expiration of two (2) biennia, the budget agency may determine that the balance of the appropriation is not available for allotment. The appropriation may be terminated, and the balance may revert to the fund from which the original appropriation was made.
